Who Can Attend? Professionals who commit to training child care providers caring for children birth to 36 months such as the Virginia Infant & Toddler Specialist Network; Early Head Start Training/Technical Assistance staff and Early Head Start Mental Health Coordinators; Regional supervisors of chain childcare centers or a staff person within an organization of multiple childcare center sites; VSQI Mentors, Early Childhood Education Faculty at a college; Trainers under contract with Child Care Aware of Virginia. Space is limited to 25 participants in order to create an optimal learning environment and meet individual needs.

About the Content-The ASQ-3 Train the Trainer and Train the Coach event is designed to increase the number of trained ASQ-3 trainers and coaches within the state. Trainers become part of regional cross-sector professional development teams being developed now in Virginia. Participants will learn strategies to train infant and toddler childcare providers to effectively use the ASQ-3. The ASQ-3 is a screening tool that is the most accurate, family-friendly way to screen children for developmental delays.
